For Immediate Release:

The American Academy for Cerebral Palsy and Developmental Medicine (AACPDM) Welcomes Stacey Miller, BScPT, MRSc, as new Director at Large

The AACPDM Board of Directors is excited to announce Stacey Miller, BScPT, MRSc, as Director at Large of the Academy.

Milwaukee, WI., December 9, 2024 - The American Academy for Cerebral Palsy and Developmental Medicine (AACPDM) is pleased to announce, Stacey Miller, BScPT, MRSc, as Director at Large.

“Stacey’s expertise and clinical experience, along with her dedication to her practice and commitment to the AACPDM, make her highly qualified to serve on the Board of Directors. The Academy is excited to welcome her as a Director at Large,” states AACPDM President (2023-24), M. Wade Shrader, MD, from Nemours Children’s Hospital, Delaware.

Stacey Miller is a Clinical Associate Professor in the Department of Physical Therapy and an Associate Member with the Department of Orthopaedics at the University of British Columbia. She has a Bachelor of Science in Physical Therapy, a Masters in Rehabilitation Science, and is currently completing PhD studies in Rehabilitation Sciences, all through the University of British Columbia.

Stacey Miller has worked as a physiotherapist at BC Children’s Hospital since 2004, focusing on the orthopaedic management of children with cerebral palsy since 2009. Currently, she coordinates the province’s hip surveillance program, the first province or statewide hip surveillance program for children with cerebral palsy in North America.

Stacey Miller has been an active member of the Academy since 2014 having served on the Care Pathways Committee from 2017 – 2022 (Chair 2020) and Care Pathways Council from 2022 to present (Chair 2023). In her role with the Care Pathways Council, Stacey has been an ex-officio member of the Board of Directors (2023) and Publications Committee (2023-present). She has also served on the Scientific Review Committee (2021) and Nominating Committee (2022).

ABOUT AACPDM:

The American Academy for Cerebral Palsy and Developmental Medicine (AACPDM) is an organization made up of over 1,100 healthcare professionals dedicated to improving the health and quality of life for individuals with cerebral palsy and other childhood-onset disabilities.

What distinguishes AACPDM is the collaborative approach of its members, who work together to establish a global network aimed at achieving the best possible outcomes for patients. Our membership includes pediatricians, neurologists, surgeons, physiatrists, therapists, nurses, special educators, engineers, and scientists.

The mission of the AACPDM is: Empowering and supporting a collaborative multidisciplinary community that:

- Provides accessible and robust scientific education for health professionals and researchers;
- Fosters innovative research as well as its dissemination and implementation; and
- Advocates for equitable access to evidence based and patient centered care.
